**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a small business owner who supports broadband competition. Having this option has enabled me to use another small, local business as my internet/phone provider whose customer service is far superior to that of the "big brands" such as AT&T or Comcast. When I call, I get a real person on the phone w/in seconds, my request is taken care of, and I can then return to running my business. They also offer services that help my business processes, while AT&T/Comcast do not offer these options, such as call forwarding from a customer portal. Please, please support broadband competition and help us keep the freedom to choose our internet provider. It provides a more competitive environment vs. a monopoly over an area.

Thank you.

Jennifer Nolan
